ABOUT ME

Hello, I am Ahmet Demiroğlu. I am an Urban Planner who successfully completed Gazi University City and Regional Planning Bachelor's Degree and a Real Estate Appraiser with nine years of experiences in field and control stages. Now, I am taking new steps into the software development as a Full-Stack Web Developer.

WORK EXPERIENCE

Internship | 2024
Neos Yazılım Akademi

During the internship process that started in April which is a part of the software specialisation education, a fully comprehensive car rental website is being prepared . In addition, I will be participating in the preparation of a native and open source CSS and JS libraries within Neos Yazılım.

Controller | 2017- 2023
Mülk Kurumsal Gayr. Değ. ve Dan. A.Ş.

I've controlled approximately 9,000 appraisal reports regarding qualified real estate such as Fuel Station, Tourist Facility, Farm, Residence, Land, Field, shopping centre, Industrial Facility etc. within the company where I've worked as a controller.

Appraiser | 2014 - 2017
Form Gayrimenkul Değ. ve Dan. A.Ş.

I've prepared over 1000 real estate appraisal reports for different qualities and controlled more than 1000 appraisal reports which are prepared by real estate appraisers and submitted them for bank approval within the company where I've worked both as a Real Estate Appraiser and a Controller in different periods.

Scholar | 2013 - 2014
Gazi Üniversitesi Tübitak

I took part as a scholar in the TUBITAK project managed by Assoc. Prof. Burcu H. Özüduru at Gazi University and Asst. Prof. Eda Ünlü Yücesoy at Şehir University. I've done data entry and geocode work in ArcGIS after a quick literature research for the project.
